NOTICE

REGISTRATION – AMCAT ASSESSMENT (BATCH 2018)

Dear Students,

We are very happy to announce that Meerut Institute of Technology, Meerut is continuing partnership with AMCAT. This year also we intent to implement the “Adaptive Assessment Program” for the current final year students (7th Semester). Final year students of all B. Tech branches are advised to register themselves for AMCAT Adaptive Assessment Program.

Last date of Registration is: - 02/November/2017

AMCAT: AMCAT is world's only adaptive assessment for job skills that predicts job performance for a wide variety of jobs. The other Adaptive Test are GRE, GMAT. Millions of AMCAT Takers put their AMCAT CERTIFICATE on LinkedIn, Job Boards & their resume. 66% of these graduates are from non-elite colleges.

The job hunt problem

In this age of increased competition, companies and candidates face a common problem: Thousands of candidates apply for every job opening which can create a daunting situation.

o-How can companies quickly identify talented candidates? Manually going through thousands of resumes or conducting interviews requires a lot of time and effort.

o-How can good candidates, highlight themselves to companies? Showing a college marksheet or a resume is not useful since companies can't really differentiate using these.

The solution - AMCAT

AMCAT allows both companies and job applicants to solve this problem in a quick and efficient manner.

o-By having a standardized aptitude test (i.e. a common aptitude test taken by millions of candidates), scores can be quickly compared across multiple candidates allowing recruiters to quickly generate a shortlist of good candidates.

o-By performing well in the AMCAT, a good candidate can stand out amongst their peers.

o-AMCAT is inherently fair since every test taker is evaluated on same parameters. Hence hiring happens strictly on merit.

Why AMCAT

o-The AMCAT is a computer adaptive test which measures job applicants on critical areas like communication skills, logical reasoning, quantitative skills and job specific domain skills thus helping recruiters identify the suitability of a candidate.

o-While most aptitude tests only measure a test taker's verbal comprehension and reasoning abilities, the AMCAT additionally evaluates personality traits and domain skills, thus becoming an ideal test to match jobs to candidates.

o-Post the test, AMCAT also helps match candidates with suitable jobs based on their performance on the test.

- o-Each student gets a personalized score sheet with detailed scores and percentiles, additionally textual feedback on strengths, weaknesses and where to improve.
- o-Students can download AMCAT App in their Handsets to apply to Jobs across India. The only application which enables candidates to apply seamlessly.
- o-AMCAT's comprehensive feedback report helps you identify your strong and weak areas so that you can work to improve in highlighted areas or apply for specific industries/jobs where your strengths are better suited.
- o-The AMCAT is fast emerging as an industry benchmark with 4000+ companies using it as a compulsory testing mechanism for entry level roles. We work alongside industry leading names like Accenture, Snapdeal, Axis Bank, Tata Motors, ITC and many more. Our client list covers multiple industries like IT Services, Banking & Financial Services, Automobiles, Telecom etc.
- o-There are thousands of small companies which are looking for good talent and provide great opportunities for growth. AMCAT works with more than 3000 small and medium enterprises, helping you identify opportunities in companies which you would not typically approach. Apart from industry, leading job search providers like LinkedIn and Monster.com accept the AMCAT test as an employability certification.

Some key numbers about the AMCAT

- 1-More than 4 million students take the AMCAT globally.
- 2-Every month, more than 1.5 lakh interview calls go out based on a student's AMCAT score.
- 3-Every 5 Seconds – 1 student appears for the AMCAT Test.
- 4-Career Offices rate AMCAT 8.26 on usefulness to Students
- 5-73% of them rate AMCAT Campus analytics report at 8 or above.
- 6-79% of jobseekers placed via AMCAT came from Non-Elite Colleges, compared to 58% of placements in the open market.
- 7-Graduates from elite & non-elite colleges with similar AMCAT Scores receive similar salaries. Perfect Match.
- 8-71% students change their study schedule based on AMCAT Reports & 72% utilize recommended training suggestions.
- 9-There are 800+ Job Openings on myamcat.com every month.

Here's wishing all of you a successful professional career.
