## Report on

### “One week training program on Outcome Based Education”

Date: 12 January 2020

A “One week training program on Outcome Based Education” was organized by Meerut Institute of Technology, Meerut from 6th January 2020 to 11 January 2020.

The programme was designed to enhance the skills of the faculty members of different departments in How to write effective Course Outcomes (COs) and Program Outcomes (POs). During training program, detailed course content related to COs and POs were covered.

Various faculty members from different departments attended the programme. At end, Director, MIT conclude the training program with their appreciated recommendations and motivational views.

# **“One Week Training Program on Machine Learning: An Introduction”**

*(Month: July 2019, 15<sup>th</sup> July 2019 to 20<sup>th</sup> July 2019)*

Machine Learning is undeniably one of the most influential and powerful technologies in today’s world. More importantly, we are far from seeing its full potential. There’s no doubt, it will continue to be making headlines for the foreseeable future. The basic objective of this training is designed as an introduction to the Machine Learning concepts, covering all the fundamental ideas without being too high level.

## ***Course Contents and Schedules:***

The detailed course contents covered during this training program is pointed as follows.

<b>Date</b>	<b>Session-1</b>	<b>Session-2</b>
<b>15-07</b>	Introduction	Terminology
<b>16-07</b>	Process	Machine Learning Approaches
<b>17-07</b>	Supervised Learning & Unsupervised Learning	Semi-supervised Learning & Reinforcement Learning
<b>18-07</b>	Classification & Regression	Clustering
<b>19-07</b>	Introduction to Principal Component Analysis	Dimensionality Reduction
<b>20-07</b>	Problem Discussion Session	Valedictory Session

**A Report**

**One Week Training Program on Machine Learning: An Introduction**

Date: 21 July 2019

“One Week Training Program on Machine Learning: An Introduction” was organized by Meerut Institute of Technology, Meerut from 15th July 2019 to 20 July 2019 at the Computer Lab, Academic block-B. The programme was designed to enhance the skills of the faculty members of different departments in Machine Learning. Machine learning is the study of computer algorithms that improve automatically through experience. It is seen as a subset of artificial intelligence. Machine Learning is an application of Artificial Intelligence (AI) which empowers software to learn, explore, and envisage outcomes automatically without human interference.

The main objective of this training program to provides the basic concepts of Machine Learning and its applications, so that the faculties can enhance their skills and can impart knowledge among the students.

Various faculty members from different departments attended the programme. At end, Director, MIT provide his appreciated recommendations and motivational views for the overall improvement and significance of new technologies in the academics.

## **“Supply Chain Management: A Comprehensive Analysis”**

*(7 January 2019 to 12 January 2019)*

The basic objective of this training program is to understand fundamental principles of value creation for the consumers or the market. The main emphasis is on, how the product or service is made, how the value-creating activities or functions are coordinated, who should play what leadership roles in realizing all these, and so on. As our training title hints, the main approach to cover all of these issues from a learning perspective, which is dynamic in nature and emphasizes long-term capability building rather than short-term symptomatic problem solving.

### **Course Contents and Schedules:**

Detailed course contents which will be covered during the training program is as follows:

<b>Day/Date</b>	<b>Session-1</b>	<b>Session-2</b>
Day-1	Introduction to Value, Value Creation, and Supply Chain Management	General Principles and Intuition
Day-2	Data Collection	Management Capability
Day-3	Learning Perspective	Quality Management
Day-4	New Product Innovation	Supply Chain Strategy I: Structural and Infrastructural Dimensions
Day-5	Supply Chain Strategy II: Coordination for Value Creation	Supply Chain Globalization and Sustainability
Day-6	Problem Solving Session	Valedictory Session

**A Report**

**Supply Chain Management: A Comprehensive Analysis**

13 January 2019

A training program on “ Supply Chain Management: A Comprehensive Analysis” was organized by Meerut Institute of Technology, Meerut from 7th January 2019 to 12 January 2019 at the Seminar Hall, Academic block-A.

The programme was designed to enhance the skills of the faculty members of different departments in Supply Chain Management (SCM). Supply chain management is the management of the flow of goods and services and includes all processes that transform raw materials into final products.

The main objective of this training program to provides the basic concepts of SCM so that the faculties can be aware and can provide detailed knowledge to students.

Various faculty members from different departments attended the programme. At end, Director, MIT provide his appreciated recommendations and motivational views for the overall improvement and significance of SCM.

## **“Uses of OTC medication & First aid treatment”**

*(14<sup>th</sup> January 2019 to 19<sup>th</sup> January 2019)*

### **Detailed Course Contents and Schedules:**

Detailed course contents and schedules are as follows:

<b>Day/Time</b>	<b>Session-1</b>	<b>Session-2</b>
<b>Day-1</b>	Understanding over the Counter Medicine	Condition to be treated using OTC Medicine
<b>Day-2</b>	OTC drug facts label	Consumer Education Material
<b>Day-3</b>	Safe use of OTC pain reliever and fever reducer	Tips for consumer about the safe use of OTC Medicine
<b>Day-4</b>	Aim of first aid and role of first aider	Communicating with patient
<b>Day-5</b>	Content of first aid kit	Recovery / Safe away position
<b>Day-6</b>	Problem Discussion	Valedictory Session

**A Report  
On  
Uses of OTC medication & First aid treatment**

20 January 2019

A training program on “Uses of OTC medication & First aid treatment” was organized by Meerut Institute of Technology, Meerut from 14th January 2019 to 19 January 2019 at the Seminar Hall, Academic block-G.

The programme was designed to enhance the skills of the faculty members of different departments in Uses of OTC medication & First aid treatment. Detailed contents related to Uses of OTC medication & First aid treatment was covered during the five days training program.

Various faculty members from different departments attended the programme. At end, Director, MIT and Principal Pharmacy conclude the training program with their appreciated recommendations and motivational views.

## Professional Development Program on “How to write Effective Research Paper”

(Month: July 2017, 10 July 2017 to 15 July 2017)

Over the last decade, the expectation for publishing research papers has increased significantly in academia, in professional communities, and in science and technology disciplines worldwide. In scientific fields (especially in academia), both graduate students and faculty are expected to publish the results of their research work in journals and conference proceedings. Publication of research or journal papers has also become a key measure for tenure and promotion assessments. An increasing number of highly ranked universities, worldwide, now require publication of papers in SCI indexed journals as a prerequisite to receive a doctoral degree. This program basic aim is to provide guidelines regarding how to write an effective research paper for the reputed journals and conferences.

### Course contents and Schedule:

<i>Day/Date</i>	<i>Timing Session-1 (11:00 am -1:00pm)</i>	<i>Timing Session-2 (2:30pm-4:30pm)</i>
<i>Day-1</i>	Overview	Defining the research question/ Theme/ Topic
<i>Day-2</i>	How to write each section of a paper	Understanding how a research paper is written
<i>Day-3</i>	Gathering Background Information- Locate Prior works	Gathering Background Information- Read Key Papers
<i>Day-4</i>	Gathering Background Information- Organising References	Forming a hypothesis and an outline
<i>Day-5</i>	Summarizing the analysis / Simulation / Experiment	Organising and Interpreting Results
<i>Day-6</i>	Problem Solving Session	Valedictory Session

**A Report**  
**On**  
**How to Write Effective Research Paper**

Date: 16 July 2017

Professional Development Program (PDP) on “How to write effective research paper” was organized by Meerut Institute of Technology, Meerut from 10<sup>th</sup> July 2017 to 15<sup>th</sup> July 2017 at the Seminar Hall, academic block B.

The Professional development programme was designed to enhance the outlook of the faculty members of regarding research paper writing skills. In scientific fields (especially in academia), faculties are expected to publish the results of their research work in journals and conference proceedings. Publication of research or journal papers has also become a key measure for tenure and promotion assessments. An increasing number of highly ranked universities, worldwide, now require publication of papers in SCI indexed journals as a per-requisite to receive a doctoral degree.

The main objective of this professional development program to provides the necessary training regarding effective research paper writing. Detailed contents regarding effective research paper writing was covered during this Professional development program.

Various faculty members from different departments attended the programme. Over all candidates were happy with the arrangements and course contents of the training programme. At end, Director, Meerut Institute of Technology provide his valuable suggestions and motivational thoughts for the overall improvement and significance of research papers in the field of academics.

**A Report  
On  
Introduction to Microsoft Word**

Date: 14 January 2018

A training program on “Introduction to Microsoft Word” was organized by Meerut Institute of Technology, Meerut from 8 January 2018 to 13 January 2018 at the Computer Lab, Academic block-B.

The programme was designed to enhance the skills of Microsoft Word among the non-teaching staff of different departments. Microsoft Word is a word processing program that allows for the creation of both simple and complex documents. It has advanced features which allow to format and edit files and documents in the best possible way.

The main objective of this training program to provide the basic concepts of Microsoft Word, so that the staff can use them to prepare different types of documents as per requirements.

Various non-teaching members from different departments attended the programme. At end, Director, MIT and Coordinator provide his appreciated recommendations and motivational views for the overall improvement and development of staff members.

## **“Python Programming: Basic and Advanced Concepts”**

*(Month: June 2018, 11 June 2018 to 16 June 2018)*

Python is one of the high-level, interpreted and general-purpose programming languages that is easy to use, comprehensive and powerful. Python is a widely used dynamic programming language compared to other languages such as Java, Perl, PHP, and Ruby. It is often termed as a scripting language. It provides support for automatic memory management, multiple programming paradigms, and implements the basic concepts of *object-oriented programming (OOP)*. The basic objective of this training program is to aware the teachers regarding the basic and advanced concepts of Python.

## **A Brief Report**

**On**

### **Python Programming: Basic and Advanced Concepts**

Date: 17<sup>th</sup> June 2018

A training program on “Python Programming: Basic and Advanced Concepts” was organized by Meerut Institute of Technology, Meerut from 11th June 2018 to 16<sup>th</sup> June 2018 at the Computer Lab, Academic block-B. The programme was designed to enhance the skills of the faculty members of different departments in Python Programming. Python is an interpreted, high-level and general-purpose programming language. Python's design philosophy emphasizes code readability with its notable use of significant whitespace. Python is used in the development of interactive games, Machine Learning and Artificial Intelligence. The main objective of this training program to provides the basic and advanced concepts of Python Programming language, so that the faculties can enhance their skills with the latest technique and can share with the students also.

Various faculty members from different departments attended the programme. At end, Director, MIT provide his appreciated recommendations and motivational views for the overall improvement and significance of new technologies in the academics.

## ***Introduction to MATLAB***

***(July 2016, 4<sup>th</sup> July 2016 to 9<sup>th</sup> July 2016)***

MATLAB is a special-purpose language that is an excellent choice for writing moderate-size programs that solve problems involving the manipulation of numbers. The design of the language makes it possible to write a powerful program in a few lines. The problems may be relatively complex, while the MATLAB programs that solve them are relatively simple: relative that is, to the equivalent program written in a general-purpose language, such as C++ or Java. As a result, MATLAB is being used in a wide variety of domains from the natural sciences, through all disciplines of engineering, to finance, and beyond, and it is heavily used in industry.

This PDP will be very useful to all faculties and staff in having detailed knowledge about MATLAB and its functioning.

***Course Content and Schedule:*** The following course content will be covered during the five days FDP. The schedule is given as follows:

<b>Day</b>	<b>9:30AM-12:00PM</b>	<b>2:00PM-4:30PM</b>
<b>04/07/16</b>	The MATLAB Environment	Basics of Programming
<b>05/07/16</b>	Data Types	Operators
<b>06/07/16</b>	Matrices and their applications	Functions
<b>07/07/16</b>	Programmer's Toolbox	Selection
<b>08/07/16</b>	Loops	File Input/output
<b>09/07/16</b>	Problem Solving Session	Valedictory Session

**A Report**  
**On**  
**“Introduction to MATLAB”**

Date: 10<sup>th</sup> July 2016

A professional development program on “Introduction to MATLAB” was organized by Meerut Institute of Technology, Meerut from 4<sup>th</sup> July 2016 to 9<sup>th</sup> July 2016 at the Computer Lab, Academic block-A.

The programme was designed to enhance the skills of the faculty members of different departments in MATLAB. MATLAB is a high-performance language for technical computing. It integrates computation, visualization, and programming in an easy-to-use environment where problems and solutions are expressed in familiar mathematical notation. MATLAB is widely-used in many different fields of engineering and science, and provides an interactive environment for algorithm development, data visualisation, data analysis, and numerical computation.

The main objective of this training program to provides the basic concepts of MATLAB, so that the faculties can use them to solve the different types of problems such as algorithm development, data visualisation, data analysis, and numerical computation.

Various faculty members from different departments attended the programme. At end, Director, MIT provide his appreciated recommendations and motivational views for the overall improvement and significance of new technologies in the academics.

## Training on Microsoft Excel

(Month: January 2017, 2<sup>nd</sup> January 2017 to 7<sup>th</sup> January 2017)

---

Excel is one of the best applications available on the market for creating spreadsheets to crunch numbers and dashboard reports as well as storing and administering data. This training program is provided to all non-teaching staff to enhance their knowledge so that's they can get expertise in this particular domain.

### *Course Contents and Schedules:*

<i>Day/Date</i>	<i>Session-1</i>	<i>Session-2</i>
<i>Day-1</i>	Essential Formula Knowledge	Intermediate Formula Knowledge
<i>Day-2</i>	Optimizing Data	Data Analysis
<i>Day-3</i>	Getting and Transforming Data	Presenting and Reporting
<i>Day-4</i>	Validating and Updating	Advanced Formulas
<i>Day-5</i>	Preparing to Deploy	Query Session
<i>Day-6</i>	Hands on Experience	Valedictory Session

# A Report On Training on Microsoft Excel

8<sup>th</sup> January 2017

A six days workshop on “Training on Microsoft Excel” was organized by Meerut Institute of Technology, Meerut from 2<sup>nd</sup> January 2017 to 7<sup>th</sup> January 2017 at the Computer Lab, Academic block-A. The programme was designed to enhance the skills of Microsoft Excel among the non-teaching staff of different departments. Excel can enhance understanding of content within a graphic presentation of the information; it provides a visual representation of data that makes it easier to analyze. Excel reduces the difficulty of plotting data and allows a means for interpreting the data.

The main objective of this training program to provide the basic concepts of Microsoft Excel, so that the staff can use them to solve the different types of problems related to data and also can effectively use different tools of Excel for the data analysis purpose.

Various non-teaching members from different departments attended the programme. At end, Director, MIT provide his appreciated recommendations and motivational views for the overall improvement and development of staff members.
